SHAFTER AND KALAKAUA

Additional Paid-up Stock Issue To Be Authorized Will Provide \$392,500 For King-Street Bet-terment and Much Other Work

Land Company does not propose to spend any more time fooling with the Governor. If that high official chooses to amuse himself by carrying on an appeal to the federal circuit court of appeals in California, at the expense of the public, he can do so; but the Rapid Transit company is so and consideration. well satisfied with the soundness of the decision of the supreme court of the Territory that it proposes to proceed Frederick E. Trotter, quarantine officer forthwith upon the strength thereof; of the United States health service. issue additional paid up stock to the amount of \$392,500, thereby increasing the capital from the present spar value of \$1,207,500 to \$1,600,000.

Stock Issue To Be Limited

The decision of the supreme court authorizes the company to issue new stock to the approximate amount of \$1,000,000; but the company is proposing to issue only up to the amount named in the compromised agreement negotiated several years ago with Gov ernor Frear, with the approval of the committees of the chamber of com merce and the merchant's association and ratified by the Hawaiian legislature. This agreement is no longer in force, it having been repudiated by the Territory under Governor Pinkham's guidance, and there is nothing to prevent the company now issuing paid up stock to its present stockholders to the full amount of \$2,000,000, which is the limit of permissible stock issue under its charter. The committee is content, however, under existing conditions, to limit the present issue to the amount above set forth.

Governor Blocks Improvements

The directors of the company yesmending the above indicated issue of stock to the stockholders, a meeting of whom has been called for Saturday August 5, at nine o'clock to consider

In view of the fact that Governor l'inkham has succeeded in holding up the extension of the Rapid Transit franchise, before congress, the Rapid Transit company will not be justified in proceeding with the several considerable extensions under consideration but the directors yesterday decided to go ahead immediately with one short extension-that at the northern terminus of the King street line, so as to extend the track to the top of the Mo analua hill, just beyond Fort Shafter.

The company also desided to proceed as soon as the rails could be obtained with the double tracking of Kalakaus Avenue and the shifting of the track to the center of the street in accord ance with the agreement with the city supervisors. The company will also proceed with the renewal of rails in a number of places where the joints are worn down, causing pounding of the cars. For these several improvements the directors yesterday authorized the immediate ordering of 20,000 ties and rails for five miles of track.

Resolution to Increase Stock

The following is a copy of the resolution adopted by the directors for increase of stock and of notice to stock holders of meeting to ratify the same Voted that the directors recommend to the stockholders to increase the capital stock to \$1,600,000 by the issuing of \$392,500 of paid up, non-assemable stock pro rata to the stockholders at record of the date of said meeting to cover in part amounts actually invest ed in the plant of the company in ex cess of outstanding issued stock which the company is authorized to issue to its stockholders under the decision of the Supreme Court of the Territory of Hawaii; and that the same be propose tionally distributed, as provided by the by laws of this company, fractions of shares to be sold as therein provided and the proceeds distributed pro rate among those entitled thereto. Notice of Special Meeting

Notice of a special meeting of the stockholders of the company, to con sider the question of increasing capital stock of the corporation and the methods of issuing the same, and whether the same or any part thereof shall be issued as paid up, non-assessable stock to be issued pro rata to the stockholders for amounts actually in vested in the plant of the company in excess of outstanding issued stock appears in another column of this issue of The Advertiser. The meeting will be held Saturday morning, And ust 5, at nine o'clock, at room 609 Stangenwald Building.

Governor Pinkham Talks of His 'Hopes' For Waimanalo Military Camp

Tentative plans for a military reservation near the beach at Waimanalo are under consideration by territorial officials and army officers here. The idea has not as yet got beyond the indefinife stage, but if everything works. out as it is hoped it will, and no legal or other difficulties, arise, a combination of beach resort and military camp site may be formed.

This is the gist of a Statement made yesterday afternoon by Governor Pink-ham, in speaking of the idea.

STEAMER GLENROY LOST ON ROCKS OF ALGERIA

The steamship Glenroy, which called here in the early part of January, 1915, has been wrecked on the rocks at Les Falaises, Algeria. The ship went ashore at dusk and the crew was Blake Thomas. Seeing the ship's as Ritchie's guaranty to go ahead with players and longshoremen, will start plight, Mr. Thomas organized a rescue plight, Mr. Thomas organized a rescue party and, working from the ledge tractor to proceed as soon as authoribers. In a statement made shortly half way up the cliff face, succeeded zed to do so, but there probably will be after his arrival from San Francisco by means of ropes in saving the crew. The board of trade has presented him with a piece of plate. The Gleuroy broke in halves during the night.
